- **Paper Published**

- *We received word that our invited paper, **Servant Leadership in Coaching**, was published in the proceedings of the **International Conference in honor of the 75-year anniversary of the Sports Games Department of the Lesgaft State University of Physical Culture, St. Petersburg, Russia.** This is our second publication with this organization. We have been blessed to work with Dr. Slava Popvosky who is our link to this Russian contact. In general, the Russian academic world is often isolated from research in the US as is the reverse. Thus, our paper being published there is a great link to a vast academic network.*
