

IN BRIEF: THIS WEEK AT THE CENTER FOR ETHICS*

Friday, August
24th, 2012

University of Idaho
Center for ETHICS*
RM 500, Memorial Gym
Phone: 208-885-2103
Fax: 208-885-2108
Email: ethicsinfo@uidaho.edu

Dr. Pete Van Mullem (LCSC) and Dr. Heather Van Mullem (LCSC) recently submitted a paper titled: Coaching Education: How Winning Coaches Learn to Coach for review in the International Journal of Sports Science and Coaching. The paper was based off original research examining the learning process of a coach. The purpose of this study was to examine the educational methods preferred by interscholastic and intercollegiate coaches (N = 1,082) in the United States and compare the difference on winning percentage and number of championships won. Dr. Pete Van Mullem was Dr. Stoll's 17th finished doctoral student. Dr. Heather VanMullem did post doctoral work with Dr. Stoll. Both are with Lewis Clark State College.

Angela Lumpkin, professor of health, sport and exercise sciences at the University of Kansas was elected to national Phi Kappa Phi board of directors. Founded in 1897 and headquartered in Baton Rouge, La., Phi Kappa Phi is the nation's oldest and most selective collegiate honor society for all academic disciplines. Dr. Lumpkin and Dr. Stoll have published textbooks and articles together.

Dr. Stoll is a reviewer for *Quest*, and finished one review for the journal, *Quest* is the leading scholarly journal for professionals in kinesiology & physical education in higher education today. Noted scholars in our field write about challenging issues and concerns facing professionals in higher education crossing disciplinary boundaries. Interdisciplinary perspectives are encouraged. *Quest's* primary purpose is to publish manuscripts that address issues and concerns relevant and meaningful to kinesiology & physical education in higher education.

News at the Center, yesterday Jack Acree stopped by for a visit. Jack Acree is the former District Athletic Coordinator for the Boise School District and a graduate of the University of Idaho. Jack told a great story about Memorial Gymnasium, and the reading room of the Center, Rm 401. When he was an undergraduate, funds were very tight for him and several other athletes. The Director of HPERD, Dr. Leon Green, had bunk beds put in Rm 401, and the boys slept there. They got jobs as hashers and were able to financially attend the University of Idaho.

The Center for ETHICS* and The World Anti-Doping Agency ([WADA](http://www.wada-ama.org/)) are working on a collaborative education project, Competing with Honor: To Dope or Not to Dope. One of the projects goals is to educate high-level athletes on the value competing drug free. Upon successful completion of the initial project the course will become part of WADA's educational curriculum. If you would like to have your athletes participate in the project please contact Dr. Stoll at ([sstoll@uidaho.edu](mailto:ssstoll@uidaho.edu)).

Teams Currently Participating

- o Idaho Vandals Women's Soccer Team
- o Washington State University Cougar Men's Basketball Team

Center for ETHICS* at the University of Idaho offers study, intervention, outreach, consultation, and leadership in developing and advancing the theory, knowledge and understanding of character education including moral and ethical reasoning, moral development, ethical leadership, and ethical application. The Director of the Center is Dr. Sharon Kay Stoll http://www.educ.uidaho.edu/center_for_ethics. Newsletter is on hiatus; but weekly or twice monthly updates will be sent out to keep our supporters abreast of what is occurring at the Center. This is a brief synopsis of the week's happening while Newsletter.
