Hitachi introduces the CP-A100+FXDuo Bundle, an interactive learning tool like no other. Combining the multi-touch FXDuo 77” StarBoard, the CP-A100 LCD projector and customized design wall mount all into one seamless solution. Fully featured and boasting a short throw distance, the CP-A100 projector eliminates the problem of presenters obstructing the board, removes distracting shadows, and adjusts to your teaching style rather than the other way around. This Hitachi custom Bundle presents countless ways to learn and ensures that nothing will get between your lessons and your students.
