3. **TUITION AND FEE POLICIES**

Students enrolled in this Concurrent Program pay MBA tuition and other fees to Boise State University for all courses taken in the BSU College of Business, but not for those courses taken in the UI College of Law that count toward the MBA degree. Students enrolled in this Concurrent Program pay fees to the University of Idaho for all courses taken in the UI College of Law, but not for courses taken in the BSU College of Business.

A student enrolled in ten or more semester credits that count toward the JD degree, whether all or partially offered by the UI College of Law, is considered a full-time student at the UI College of Law for tuition and fees purposes for that semester. A student enrolled in fewer than ten credits towards the JD degree in a semester will pay the law student fee pro-rated for each credit being counted towards the JD degree for that semester. Fees for UI College of Law summer school courses are also charged on a per credit basis (including the law student fee).

Nine or more Boise State University credits in a fall or spring semester qualifies an individual as a full-time Boise State University student and triggers full-time MBA tuition and fees. Students enrolled in fewer than nine credits during a fall or spring semester at Boise State University pay the regular part-time per credit graduate student tuition and fees. Tuition and fees for BSU summer school courses are charged on a per-credit basis. Fees for UI College of Law summer school courses are also charged on a per-credit basis (including the law student fee).

5. **APPLICATION, ADMISSION, AND MATRICULATION**

A student must apply separately, and be admitted, to both the UI College of Law and the BSU College of Business MBA Program in order to be eligible for this Concurrent Program. In addition, the student must be accepted by the UI College of Law and the BSU College of Business for admission to the Concurrent Program. A student may apply for admission to the Concurrent Program at any time prior to receipt of either degree. However, given the highly regimented program of study for the Concurrent Program, we recommend students either (1) obtain admission to both the JD and the MBA programs prior to beginning either program, or (2) apply to the MBA program and the Concurrent Program during their first year of law school. After admission, the student must complete a FERPA release form for each university so that student records can be shared between the universities.

8. **ACADEMIC OR OTHER DISCIPLINE; TERMINATION OF CONCURRENT DEGREE ENROLLMENT**

Students enrolled in the Concurrent Program will be subject to the UI College of Law Honor Code, the BSU College of Business Academic Integrity Policy, and all other applicable codes of conduct at the University of Idaho and Boise State University. Each College agrees to notify the other if a student enrolled in the Concurrent Program is disciplined, suspended, expelled, or put on probation for academic or other reasons. If a student is officially disciplined by either College for any reason, the Program Advisors will review these actions and make a decision whether the student will be dropped from the Concurrent Program. **Students enrolled in the Concurrent Program must agree to waive their right to confidentiality to the extent necessary to effectuate this provision.**
10. TERMINATION OF CONCURRENT PROGRAM

This Agreement may be terminated by either party upon ninety (90) days written notice to the other party. Such termination of this Agreement, and of the Concurrent Program established by this Agreement, shall be effected in a manner consistent with the obligations of Boise State University and the University of Idaho under the policies of the Idaho State Board of Education ("SBOE"), specifically SBOE Governing Policies and Procedures Section III. Postsecondary Affairs, Subsection G. Postsecondary Program Approval and Discontinuance, and any requirements of the accrediting bodies of the universities.

11. INFORMATION SHARING

In accordance with the Family Educational Rights and Privacy Act ("FERPA"), the University of Idaho and Boise State University will disclose information contained in the education record of students enrolled in the Concurrent Program to the other institution pursuant to 34 CFR 99.34(b).
