Syllabus for Math 175(-02), Calculus II

Instructor: Malcolm Rupert • Brink G-07 • mrupert@uidaho.edu

Lectures: 9:30am - 10:20pm MTRF • TLC 44

Office Hours: Wednesday 9:00am-11:00am.

Course Website: bblearn.uidaho.edu for course info, grades, and written assignments & mymathlab.com for daily online homework. Also, www.webpages.uidaho.edu/math175 has some additional information.

Assignments and Assessment

Exams. There will be four in class exams on February 4th, March 4th, April 4th, and April 26th. The final exam will be on Wednesday, May 11th from 10:00 AM-12:00 PM. Let me know as soon as possible if you have a conflict with any of these dates. You must give reasonable notice and have an excused absence to take a make up exam. Additionally you may exchange your lowest exam score if your score on the final exam if you get at least a $B (> 80\%)$ on the final exam.

Homework. There will be weekly written homework assignments due every Thursday at the beginning of class. Collaboration is encouraged on the homework, but you should all submit your own assignment in your own words. I do not want to get multiple assignments which look identical. I expect you to completely explain your solutions. You will be graded on completeness, correctness, and neatness. Work that is difficult to follow for any reason may be graded rather harshly.

There will be online homework on My Math Lab due at the beginning of each class period covering material from the previous class period.

Attendance. Daily attendance is required, expected, and overall a pretty good idea. You may not have more than 5 unexcused absences through out the course or you will receive a failing grade. If you think that this may me a problem then come talk to me.

Points Breakdown.

- Weekly Homework - 10 points
- Online Homework - 10 points
- In Class Exams - 10 points $\times 4$
- Final Exam - 20 points
- Total - 80 points
Reminders

Disability Support Services Reasonable Accommodations Statement: Reasonable accommodations are available for students who have documented temporary or permanent disabilities. All accommodations must be approved through Disability Support Services located in the Idaho Commons Building, Room 306 in order to notify your instructor(s) as soon as possible regarding accommodation(s) needed for the course.

Academic Integrity Students are expected to abide by the conditions of the University of Idaho Student Code of Conduct regarding academic honesty. Students caught cheating on exams, copying other students’ work, or any other form of academic dishonesty will be reported to the Dean of Students Office. Possible penalties include scores of zero on the related coursework, or up to assigning a grade of F for the course.
