Syllabus Review Activity

NAMES:

Plan
1. Form teams by row in the computer lab.
2. Introduce yourselves and write your names at the top of this page.
3. Share something about previous design, drafting, or manufacturing experience.
4. Assign a recorder to capture answers to the questions below.
5. Assign a spokesperson to report your findings to the rest of the class.

Questions
A. What are the two main objectives of the course highlighted in the Course Rationale.

B. Review each of the course outcomes for ME 301 (page 2 on syllabus) to ensure that you have shared understanding of the meaning of each outcome. What questions do you have?

C. What aspects of past course projects (linked to SolidWorks area on the Mindworks website – http://www.webpages.uidaho.edu/mindworks/solidworks.htm) do you find (i) most appealing? (ii) most challenging?

D. What types of information and resources are available on the course website. What actions are expected in conjunction with the 1st, 2nd, and 3rd columns?

E. How will homework assignments be graded and how will your course grade be determined?
F. What questions, if any, do you have about the UI Student Code of Conduct related to various activities in ME 301?

G. What other burning questions do you have about the course or its expectations?
