Mission:

To ensure a long-term, quality water supply for the Palouse Basin region.

Goals:

- Consistent with the Palouse Basin Groundwater Management Plan, develop and implement a balanced basin wide Water Supply and Use Program by 2025.
  - Create and maintain an action plan for aquifer system sustainability, enhancement and/or alternate water supply development.
  - Direct research and implement pilot projects necessary to understand the basin hydrogeology in a manner sufficient to support the Water Supply and Use Program and the affiliated supply projects.
  - Encourage and facilitate entities in meeting their specific pumping, conservation, efficient use, water recycling and other goals.

- Educate entities and the public on the state of the basin water supply and the status of PBAC’s mission and goals.

- Maintain harmonious and effective working relationships across the state line to fairly meet the needs of all entities.

- Revisit the goals and mission statement annually.
