

Putting it All Together: An Independent Structured Analysis

“Anyone who has never made a mistake has never tried anything new.”

Albert Einstein, Physicist 1879-1955

Your final task is to prepare a short report documenting your analysis (no more than 4 pages, not including cover or appendices). Include your R code in the Appendix. Prepare a short Powerpoint show to present to your peers during final exam week. This presentation should not exceed 8 minutes.

RESEARCH TOPICS LIST

| Topic | Title | Data Set |
|-------|---|----------|
| 1 | Assessing The Accessibility of Trimet Bus Stops | Transit |
| 2 | Assessing Trimet Bus Headway Reliability | Transit |
| 3 | Bicycle Performance | Bicycle |
| 4 | Freeway Data And Incidents | Freeway |
| 5 | Freeway Data And Weather | Freeway |
| 6 | WIM Data – Side By Side Loadings | WIM |
