SUBJECT: Minor Change Notification Request

The University of Idaho is writing to notify the Idaho State Board of Education per Board Policy Section III.G.3.c.ii of the change(s) which we believe is minor.

- Technical Theatre Minor, **Change to: Theatre Design & Technology Minor**
- Theatre Arts Minor, **Change to: Theatre Performance Minor**

The following information is being provided to the SBOE to ensure the minor, non-substantive change(s) is in alignment with our institutional responsibilities and accreditation.

**Mission and Core Themes:**
The nature and purpose of this change is to align the available minors in the Theatre Arts Curricula to cover the two distinct areas of theatre performance and theatre design and technology. These are the two primary areas of interest to students pursuing a minor in theatre and allows them to maximize learning in these specific areas. Students wishing a generalist curricula are pointed to a bachelors program currently offered. We believe these two areas will help students better integrate their learning.

**Authorization:**
The change(s) were approved through the Theatre Department, and College Curriculum Committee (CLASS), University Curriculum Committee, Faculty Senate, and by the University Faculty during the fall semester of the 2014-15 academic year. The University of Idaho is providing notification to OSBE as required by the policy. The change(s) will be made effective beginning summer 2015.

Planning:

Students through annual Assessment (Focus Groups) have responded that when taking a minor they wish to either specialize in one area or the other and that a generalist minor has too few credits to be of any practical value. In addition, the Make Up class (THE307) is no longer offered. Finally, this is a departmental attempt to lower both minors below the 20-credit recommended threshold while maintaining rigor and depth.
