COLLEGE OF NATURAL RESOURCES
Proposed Catalog Changes

Effective Term (unless otherwise noted) = Summer 2015

Forest, Rangeland, and Fire Sciences

1. Change the following course:

   REM 244 144  Wildland Fire Management (2 cr)
   Introduction to wildland fire management including fire behavior, fuels, fire prevention and suppression, fire policy and fire ecology. Includes discussion of current fire management issues.

   Rationale: Request that class be changed to REM 1XX.
