Proposed Catalog Changes

Effective Term (unless otherwise noted) = Summer 2015

Curriculum and Instruction

1. Change the following course:

   **EDCI 453 Phonics, Phonological Awareness, Fluency, and Assessment (1 cr)**
   Specific methods, research, and strategies providing competency in phonological awareness, phonics, fluency, and assessments and intervention strategies.

   **Prereq or Coreq:** EDCI 302 or MusT 383, or Permission

   Rationale: To assist in alleviating course congestion in the secondary area, allowing EDCI 453 as a co-req with 302. EDCI 302’s content is not necessary for successful completion of EDCI 453.
