

THIS WEEK AT THE CENTER FOR ETHICS*

Friday, August 8, 2008

- **Justin Barnes, David Brunner and Pete Van Mullem, doctorate candidates, have received a request to write a paper on their presentations at AAHPERD, last March in Fort Worth.** David and Pete's session, titled- Coaching Competitive Ethics: Practical Applications for Teaching Character through Sport, was a required session for continuing education credits in coaching with over 200 participants in attendance. Their paper will be published in the online PELinks. Barnes' session, which included Dr. Goc-Karp and Dr. Stoll, was titled Playing Fair: Changing the Way We Teach to Play.
- The Center staff was thrilled to have an impromptu visit from Chaplain Richard Camp, formerly the Chaplain of the United States Military Academy and presently, the Executive Director of A Christian Ministry in the National Parks, national office located in Freeport, MA. Chaplain Camp is a master's runner and is competing at the 2008 USA Masters' Track & Field Championships in Spokane and Spokane Falls Community College. Running in the 100 and 200 M, Chaplain Camp is a member of Sprint Force America Masters Club. Dr. Stoll has always credited Chaplain Camp as the saving force who provided numerous opportunities to be a part of the greater USAM experience to help her adjust to the rigors of being a female and a civilian at the Academy in 1993-94. . .
- Materials and curriculum were sent out to the 28 high schools and colleges enrolled in WWC for the coming year. The curriculums, volume 1 -4, are sent to schools depending on their length of involvement in WWC. For example, a first year school receives only first year texts; a second year receives texts 1 and 2; a third year receives 1, 2, and 3.
- Matt Hellman and Justin Barnes were accepted to present at the 2009 Western Society of Kinesiology and Wellness in Reno, Nevada, October, 2008. Barnes will be presenting a paper titled: Is Collegiate Athletics Big Business, No!; Hellman will be presenting: The title of his presentation is: A Step by Step Approach to Gaining access to High Level sport for the purpose of Research in Moral Reasoning and Moral Development.
- Dr. Stoll was also accepted at Western Society to present: Ethics and the Digital Generation.
- **Coming events:**
 - Dr. Stoll is quoted in a forthcoming October, 2008, article of ChemMatters about the fairness of new athletic technology which improves performance. <http://www.acs.org/chemmatters>.
