

THIS WEEK AT THE CENTER FOR ETHICS*

Friday, September 19, 2008

- Data was analyzed from Saugus Catholic High School, Saugus, California. Saugus has been a member of Winning with Character for approximately four years. A private preparatory high school, they have been a dedicated member in evaluating their progress with the WWC curriculum, developed here at Idaho.
- Dr. Beller is recovering from knee replacement surgery, should return to her duties in a week. There were some complications that set her back.
- Dr. Stoll's daughter Amanda will be having major surgery on the 25th, next week, thus the This Week at the Center will be on hiatus until Dr. Stoll returns to the office. Amanda is a Carney's complex victim, with the latest development Cushing's disease. The treatment is removal of the adrenal glands.
- **Coming events:**
 - Dr. Stoll is quoted in a forthcoming October, 2008, article of ChemMatters about the fairness of new athletic technology which improves performance. <http://www.acs.org/chemmatters>.
 - David Brunner will be making his proposal for his dissertation on Tuesday, September 23, titled: "Developing cultures that will promote sustained excellence in competitive football." David is in his third year of his doctoral degree and also works as a ½ time GA with Idaho football.
 - Dr. Stoll, Justin Barnes, Matt Hellman, and Pete VanMullem will be attending the Western Society of Kinesiology and Wellness annual meeting in Reno on October 8 – 10. Dr. Stoll is the President of WSKS this year; and the team will be presenting research. Dr. Kimberly Robertello, graduate in May, has submitted a paper in competition for the Dr. G. Arthur Broten Young Scholars award. Another student, Dr. Heather Van Mullem has also submitted a paper in competition for the same award. Dr. G. Arthur Broten left an endowed award with WSKW to support young professionals in their research and publications. Dr. Broten is a former president of WSKW, as well as, holding offices at AAHPERD..
