

## Ethical Theory and Honor in Competition and Sport

RIGHT WRONG

The Center for ETHICS\* at the University of Idaho offers study, intervention, outreach, consultation, and leadership in developing and advancing the theory, knowledge and understanding of character education including moral and ethical reasoning, moral development, ethical leadership, and ethical application. The Director of the Center for ETHICS\* is Dr. Sharon Kay Stoll.

### Dr. Brad Dieter

Dr. Brad Dieter, recent University of Idaho graduate and Dr. Stoll's 27th Ph.D. student submitted two papers for review.

Dieter, B.P., Johnson, E.J., Medford, H.M., Miller, L., Vella, C.A., & Marsh, S.A. (2015). Exercise induced Nrf2 response is blunted in the Db/Db mouse heart and O-GlcNAc regulates Nrf2 activity in the myocardium. *The American Journal of Physiology - Regulatory, Integrative and Comparative Physiology*. In review.

Johnson E.J., Dieter, B.P., Maricelli, J., Medford H.M., Rodgers, B.D., & Marsh, S.A. (2015) Exponential modelling of VO<sub>2</sub> kinetics in endurance-trained diabetic mice. *American Journal of Physiology- Heart and Circulatory Physiology*. In review.

### Kevin Bryant, PhD Student

Kevin Bryant, Dr. Stoll's 33rd doctoral student, was published in the Winter 2015 volume of the Michigan High School Athletic Association's magazine, Benchmarks. His article focuses on the phenomenon of sport specialization.

Bryant, K. (2015). Confronting specialization: Why more athletes are choosing one sport, and what you can do to stop it. *Benchmarks: Examining out-of-season issues*, 6(2), pp. 20-22.
