I've loved using PortfolioGen for my online portfolio - more than any other hosting site I know of. It's easy to use and I've had great feedback regarding the layouts.

This is the best way to impress a prospective employer with your assets and skills in the workplace. It's also a way to demonstrate your use of technology!

Choose what you want to add from the menu on the left (Skills, Education, Files, Media, etc.)

Notice your website address to share your work.

The screenshot shows the PortfolioGen dashboard for a user named Vane Rivero. On the left is a navigation menu with the following items: DASHBOARD, EDIT PAGES, EDUCATION, SKILLS - AWARDS, FILES - MEDIA, REFERENCES, INTERESTS, OTHER SECTIONS, and SETTINGS. A red circle highlights the menu items from EDUCATION to INTERESTS. The main content area is titled 'Your Portfolio Website' and includes a 'Please verify your email address vaneivero@yahoo.com. Click Here' notification. Below this, it shows 'Your Portfolio URL: https://www.portfoliogen.com/vane-efd92764/' with a red underline and a 'VIEW / EDIT YOUR PORTFOLIO' button. There are also buttons for 'edit URL', 'share', and 'privacy settings'. To the right is a 'Public Profile Page' section with options to 'CREATE A PUBLIC PROFILE' and 'EXPLORE PROFILES'. At the bottom, there are three widgets: 'Subscription Status' (BASIC FREE SUBSCRIPTION), 'New Messages' (1), and 'Unique Portfolio Visitors' (0). A 'View Message Center' button is located below the messages widget.

Within each category, you can choose from different sub-categories

EDUCATION

E Education

C Certifications

C Co-Curriculum Subjects

SKILLS - AWARDS

S Skills

A Awards

G Goals

FILES - MEDIA

F Files

P Photos

V Videos
