Tier 1 support (24/7/365 support)

Canvas offers Tier 1 support (24/7/365 support) to **TEACHERS** and **STUDENTS** including just-in-time Chat. Click on **HELP** on the left menu to see options.

All teaching faculty are enrolled in the **Growing with Canvas** course (*located on the Dashboard*). Students can learn about Canvas via the [Passport to Canvas](#) course specifically designed for students.

Many BbLearn courses have already been migrated over to Canvas for you. Although most course content transfers correctly, some tools (*such as Journals and Rubrics*) will have to be added by you.

Note that [BbLearn will be unavailable for access after March 1, 2022](#) so be sure to get what you need from that Legacy Server before Mar '22.

Please feel free to let us know how these Canvas resources work for you by emailing our instructional design team at coursedesign@uidaho.edu or by speaking with any one of us individually.
