Welcome to the Dual Credit Program at the University of Idaho! The program allows the university and Idaho high schools the opportunity to offer college-level courses to high school students at a significantly reduced price while earning high school credit at the same time. This, in turn, will save students money and time. The success of our program is based on the collaborative efforts between the Dual Credit Program and our high school instructors, principals, school counselors, and the academic departments on campus.

**Dual Credit Steps to Success**

1. **APPLIED & ACCEPTED**

   **Are all NEW students admitted to the University of Idaho?**

   New students include:
   - One who has not taken courses from the University of Idaho within the past two years.
   - Students who applied for admissions for a previous semester (Fall or Spring) but did not enroll in any courses, also need to reapply.

   Go to: [www.uidaho.edu/admissions/apply/other-applicants/dual-credit](http://www.uidaho.edu/admissions/apply/other-applicants/dual-credit) and select the appropriate term under Applications for Admission (lower right corner).

   Remind students to enter their LEGAL BIRTH NAME. Abbreviations or nicknames can delay registration.

   **New students** will receive two emails after submission to the email they used in the application:
   1. Confirmation of submitted application
   2. Acceptance into the program, and Vandal # (3-5 business days after submission)
      a. If students have not received an email, have them verify they clicked SUBMIT on the application, and or their E-Mail spam folder.
      b. Students who apply for the incorrect term will have to re-apply.

   **Verify Admissions Application**

   Have students print the Applications page as proof of submitting the admissions application to the correct institution. For high schools who collaborate with more than one institution, this page has the time, date, and semester of the submitted application to UI. Save and file. Use this to track your student’s course registration forms.

   **Returning students** do not need to apply for admissions unless they have not taken a course in 2 years (4 semesters) Students who do not remember their Vandal# can log into VandalWeb to find their ID. [VandalWeb](http://VandalWeb) → “Students” tab → “Student Profile” → Your V# is next to your name
Is each student **School Approved** for Advanced Opportunities payment?

1. Advanced Opportunities (Fast Forward) payment must be **School Approved** before course registration.
2. Self-paying students must submit a check or **credit card** payment form separately.
3. Special course fees, such as those for Math 143 and 144, must be paid with a check or **credit card** payment form.
4. If a student failed or withdrew from a course in a previous semester, the student must self-pay for the course credits failed in the current semester. The course fee is $75 per credit hour. (Ex: Failed ENGL 101; 3-credit hour course, a student must pay $75 x3)

Payment for courses can be mailed or faxed; payments cannot be sent by e-mail. Course registration is only processed if the payment has been AO approved or self-payment received.

Advanced Opportunities

Advanced Opportunities allow students to individualize their high school learning plan to get a jump-start on their future. These options include dual credit, technical competency credit, Advanced Placement, and International Baccalaureate programs.

The Fast Forward program can provide funding for students who participate in Advanced Opportunities. Students in grades 7-12 attending a public school in Idaho have an allocation of $4,125 to use toward the cost of:

- Overload Courses
- Dual Credits
- Exams

Course Registration

Is there a completed and signed course registration form for each student?

New students, use the Application Status page the student printed for tracking course registration forms. Returning students, use the database located within your UI DC OneDrive to verify returning students. Do not submit registration forms for students who have not submitted the admissions application.

Teachers and counselors must sign all registration forms in the designated space. These signatures confirm that the student satisfies the criteria for enrollment, such as having junior standing or other factors established by the school district, the institution, and the State Board of Education Governing Policies and Procedures.

Meet with the student to determine if they will be successful in a college course. A 2.5 GPA on a 4.0 scale is required. However, we recommend a minimum of 2.7 for dual credit students.

Students with a 2.0 - 2.4 GPA require a letter from the Counselor.

1. Letter must include; Student’s name, DC course, statement, counselor’s signature, student’s signature is optional.
   a. Statement: Explain how you believe the student is academically prepared to succeed in the course.
      i. Speak with the student and instructor to gain insight.
      ii. Remember, the grade earned in a DC course is part of the student’s permanent college transcript.
      iii. A counselor may approve or deny course enrollment.

Drop or Withdrawal

- A “drop” is when students are taken out of a course within the posted drop/add period of not receiving a grade of W (withdrawal from a course). A dropped course is not transcripted.
- A “withdrawal” is when students are taken out of a course after the posted drop/add period (some instructors may withdraw students for nonattendance). A grade of “W” will be transcripted. This will not affect their college grade point average; however, students should check their high school’s policy on how a W affects their high school grade point average and eligibility for participating in high school activities and programs.

How to drop or withdrawal a student from a DC course?
1. The student sends an email to their high school counselor, requesting that the dual credit course is dropped.
   a. Students must email their full name, Vandal ID number, name of the course, and the reason they are dropping.
   b. This is verification and acknowledgment of the students' request to withdrawal.
2. The high school counselor then forwards the email, along with their approval to registrar@uidaho.edu.
   a. The Office of the Registrar will drop the course for the student and notify them by email that the drop has been processed.
3. Students can confirm all course changes by logging on to VandalWeb.

Withdrawal steps are posted on the DC site and DC Syllabi template.

The high school grade and the university grade do not have to be identical.
1. Courses offered for dual credit; the school district must follow UI policies (meaning any change or variation to the university course or syllabus must be reviewed and approved by the academic department and in line with the institution).
2. If there is variation between the two classes (i.e., high school and University of Idaho DC), the teacher keeps two grade books, one to meet the high school policy, and one to meet the UI policy.
   a. There could be two different grades for the course because there is no way to satisfy both policies.
