2. Order a transcript by Fax, Mail, or In Person using the Transcript Request Form. This option allows a Date of Birth or Vandal ID number.

It is recommended that students check their record (unofficial transcripts) to verify that grades are posted before submitting an official request.

**APPLYING AS A HOME SCHOOL STUDENT**

**Home-Schooled Students**
First-year students who have been home-schooled either partially or completely for grades nine through 12 and have earned fewer than 14 transferable semester credits since graduating from home-school will have their application for admission referred to the Admissions Committee for a decision.

**Please note:** If a student gets their AA during high school and starts with us immediately following the high school “graduation” date they will be considered a first year with college credit (regardless the number of credits during high school). If the student receives the AA degree and then takes 14 credits elsewhere after high school graduation date then they would be considered a true transfer.

Early admission may be granted based on a sixth or seventh semester high school transcript if it appears that the student will meet admission requirements.

**You must submit:**
1. An application for admission.
2. $60 application fee (nonrefundable). No application fee required for Idaho residents!
3. ACT or SAT test scores. You may request copies of your ACT or SAT scores. If your ACT or SAT scores are on your school transcript, you do not need to have them sent separately.
4. Home-school transcript or a description of your educational background including subjects studied.
5. Official transcripts from any secondary school attended prior to or in addition to home schooling.
6. A copy of the GED test results or a letter asking for a waiver of the GED requirement.
7. Official transcripts from any colleges or universities attended.
8. Three signed letters of recommendation from individuals who can attest to the student's academic ability.
9. A written statement from the student that includes the student's goals, educational and/or professional objectives, an explanation of past academic performance, information and/or documentation regarding any extenuating circumstances, and anything else the committee might find useful when reviewing your file.
