**University and High School Grades**
The high school grade and the university grade do not have to be identical.

1. Courses offered for dual credit; the school district must follow UI policies (meaning any change or variation to the university course or syllabus must be reviewed and approved by the academic department and in line with the institution).
2. If there is variation between the two classes (i.e., high school and University of Idaho DC), the teacher keeps two grade books, one to meet the high school policy, and one to meet the UI policy.
   a. There could be two different grades for a course to satisfy both policies.
   b. Contact your teacher if you have any questions about your final UI grades.

EASILY TRANSITION TO CONTINUE YOUR EDUCATION AT UI
Regionally Accredited High School Students

First-year students who graduate from a regionally accredited high school must meet all admission requirements in effect for the year they graduated.

These students include:

• Those enrolling directly from high school.
• Those enrolling directly from high school who have completed college-level work while in high school.

Please note:

• If a student gets their AA during high school and starts with UI immediately following high school “graduation” they will be considered a first year with college credit (regardless the # of credits during high school).
• If the student receives the AA degree and then takes 14 credits elsewhere after high school graduation date then they would be considered a transfer student.

Early admission may be granted based on a sixth or seventh semester high school transcript if it appears that the student will meet admission requirements.

You must submit:

1. An application for admission.
2. $60 application fee (nonrefundable). No application fee required for Idaho residents!
3. ACT or SAT test scores. You may request copies of your ACT or SAT scores. If your ACT or SAT scores are on your school transcript, you do not need to have them sent separately.
4. Official high school transcript showing graduation date. If you have not yet graduated from high school, a transcript showing all completed work may be accepted for early admission.
5. Official transcripts from any colleges or universities attended.
