

## Instructions for Cors236 online quiz 8

([links](#) at bottom of this page)

For the 8<sup>th</sup> Bblearn quiz in Cors236, you should read one article on longevity and muscle strength. There will be 6 questions.

- 1) Do NOT wait until the last few hours to start this quiz. If you have trouble with the links, we will not give you an extended deadline.
- 2) Go over the article before you start the quiz (and make sure you find the first page of the article – sometimes the links take you into the middle).
- 3) You have one opportunity to take the quiz, so do not exit until you are done.
- 4) You are free to answer the questions while looking at the links.
- 5) You are expected to answer the questions on your own.
- 6) You won't know if you answered correctly until after the due date (the due date is given on Bblearn). You should not see a score before then.

Article on a link between strength as a teenager and early death
