Course Objective: This course is designed to basic understanding of traffic operations including signs, traffic signals and markings.

Grading: Grades will be computed using the following weights:
- Mid Term Exam 25%
- Final 25%
- Homework 20%
- Project 20%
- Class Participation 10%

Exams: The midterm exam will be March 11 during the scheduled class meeting.

Homework: Each student is required to submit his/her own solution to these assignments. Homework is due at the start of class on the date the assignment is due. Late homework assignments will not be accepted. Each homework problem will be graded out of 10 points. Three points will be based upon presentation (neatness, organization, completeness, documentation, and references). Seven points will be based upon technical accuracy. This grading weight is designed to reflect professional importance of documenting engineering calculations.

Reading: You are expected to perform the reading assigned for each period before coming to class.

Attendance: You are expected to attend all class meetings. It is your responsibility to be punctual. Any last minute cancellations will be posted at: http://online.utk.edu

Class Participation: Many of the class meetings will involve discussions of recent readings or current projects. All students are expected to participate in these discussions.

Academic Honesty: Academic dishonesty will be dealt with according to University regulations and policies. It is your responsibility to understand these regulations prior to submitting your first homework.
