Q11. Where did you start your trip?

Now let me take a few moments to tell you about the mail-back questionnaire and the types of information you can collect for us. The center section asks you to record the trips you make and any related trip expenses over the next 24 hours.—In this section, write down your starting and ending locations for your trip TO certain places and for your RETURN trip back. Example—Record one trip for driving from home to work, and record another for driving from work to home. If after leaving home you stopped for fuel and coffee on the way to work, this extra stop would be considered part of your trip to work. Record you expenses on fuel and coffee in the Trip Expenses portion of the diary. After you complete the questionnaire, fold and insert it into the postage paid envelop and mail from any U.S. Mail box. Be sure to fill out the entry form on the back page so that your name can entered into a drawing to win an Idaho travel package. You have a 1/10,000 chance of winning—better than any state lottery!

Finally, could I get your name and address so we can send you this thank you/reminder postcard? We will mail it to you in about a week to remind you to send in your questionnaire.
