VTD 154L Lab: Virtual World Building 4**1 credit**

This course is designed to support and further develop the comprehension of virtual reality design technology within the VTD 154: Virtual World Building 4 course.

Coreq: VTD 154 or Permission

Available via distance: Yes

Geographical Area: Moscow

Rationale: The VTD program has developed a new design foundation sequence VTD151-154 (2cr ea.) and has requested to use these courses to establish a possible certificate program (12 credits). These new Lab courses will assist the corresponding design studio courses with online content/exercises that are designed to reinforce course curriculum and provide for a (12) credit experience for the certificate. These online labs can also be used for students who need additional support to expand their technical knowledge outside of the certificate.
