

**University Committee on General Education
Proposed Catalog Changes
Effective Fall 2019**

MEMO

From: Dean Panttaja, Director of General Education
To: UCC and Registrar's Office
CC: Cher Hendricks – Vice Provost of Academic Initiatives, John Wiencek, Provost,
Subject: Suspension of the ISEM 101 & 301 Program

This proposal has been presented to the Provosts Council, Associate Dean's, the General Education Assessment Committee and approved by the University Committee on General Education (7-1-1). The following catalog change: to remove the use of ISEM 101 & 301 in Regulation J-3-g and list only the expectation of the Senior Experience / Capstone is coming forward for your discussion and vote.

General education will move to the State Board Common Core (30 Credits spread over six areas) which includes the additionally approved University of Idaho general education electives in these six categories (e.g. Introduction to the Theatre, Environmental Science, etc.) **and** the additional SBOE mandated Institutional Designated area (6 Credits) for a minimum of 36 credits of general education.

Until a more representative curriculum of the faculty can be established in the institutionally designated credit area (J-3-f.) which also fully supports institutional needs in vision, values and assessment, the current institutionally designated credits will shift from ISEM 101 & 301 to the current American Diversity and International course expectations. This will be effective Fall 2019. Discussions will begin immediately with the faculty-at-large to determine the next best steps in crafting new institutionally designated courses as warranted or in refining the American Diversity and International course offerings.

Students who have already taken ISEM 101 will have their course work coded as either a Humanities or Social Science which will be developed by a coding based upon the disciplinary focus of the course and instructor. This is the best way to give credit for the work done and have it count towards one of these specific areas (J-3-e.) of the State Board Common Core.

Thank You

Dean Panttaja

**J-3-g. ~~Integrated Studies – ISEM 101 (3 cr), ISEM 301 Great Issues Seminar(1 cr),~~
and Senior Experience**

~~The purpose of these courses is to provide students with the tools of integrative thinking, which are critical for problem solving, creativity and innovation, and communication and collaboration. Integrated learning is the competency to attain, use, and develop knowledge from a variety of disciplines and perspectives, such as the arts, humanities, sciences, and social sciences, with disciplinary specialization (to think divergently, distinguishing different perspectives), and to incorporate information across disciplines and perspectives (to think convergently, re-connecting diverse perspectives in novel ways). It is a cumulative learning competency, initiated as a first-year student and culminating as reflected in a graduating senior.~~

~~One course from ISEM 101 (open to first-year students only). One credit of ISEM 301.~~ One course chosen from the approved Senior Experience courses listed below.
