

**College of Engineering
Proposed Catalog Changes
Effective Summer 2020**

1. Change the following courses:

CE 494 Senior Design Project

3 credits

Gen Ed: Senior Experience

Comprehensive civil engineering design project. Requires integration of skills acquired in civil engineering elective courses, written reports, and oral presentations. [Permission not guaranteed if not registered before fall recess.](#)

Prereq: [CE 491](#), Senior standing in Civil Engineering, and Permission.

Rationale: Students work on real projects sponsored by professionals. Assembling projects takes time and planning, knowing how many students and their interests in advance is necessary. CE 491 will be used to help prepare students for CE 494.
