Re: Change PEB to IFIT Subject Code

A handwritten signature in black ink that reads 'Philip W. Scruggs'.

The Department of Movement Sciences is requesting that the PEB subject code be changed to IFIT. The change was approved at the department (September 4, 2019) and college levels (September 27, 2019). The subject code update better reflects the mission and outcomes of the credit bearing physical activity and wellness program for university students. For the new prefix IFIT, the “I” represents the University of Idaho and the “FIT” represents the term “fitness”. In addition, the “I” will represent “Instructional” (i.e., Instructional Fitness) in some contexts.
