College of Art and Architecture
Proposed Catalog Changes
Effective Summer 2020

ARCHITECTURE

1. Change the following course:

   ARCH 257 Architectural Design Bootcamp
   10 7 credits
   Intensive introduction to various design processes from concept to schematic to design development. Acquisition of a beginning level of both graphic and architectural design literacy, design thinking strategies, aesthetic awareness. Development of basic design communication skills. and introduction and application of construction technologies through component resolution.
   Prereq: Architecture Permission

   Rationale: As of now, Arch 257 Arch Design Bootcamp included content of Arch 266 Materials and Methods. By dropping materials and methods content from Arch Design 257, transfer students, who typically have a strong background in materials and methods courses are able to skip the first 2 weeks of bootcamp. This allows our students more flexibility and options to either exclude or include Material and Methods depending on their situation.

2. Make the following changes to the B.S.Arch. in Architecture:

   Architecture (B.S.Arch.)

   Architecture Undergraduate Curricular Requirements

   The four-year curriculum leading to a B.S.Arch. degree provides the undergraduate, pre-professional coursework that qualifies students for entry level architectural work and prepares them to pursue the NAAB accredited, professional M. Arch degree via the seamless degree path.

   Admission to the B.S. Arch program is competitive. Students apply to the program after the first year of study, where academic achievement is reviewed to determine eligibility for continued study in architecture. Another application occurs at the end of the second year of study. Here, applicants to the third year are required to submit a portfolio containing examples of graphic work in art and architecture. The deadline for both second and third year applications is mid-May, with the results of the evaluation being made known to applicants by the first week of July.

   Students accepted into the years three and four of the curriculum are required to maintain a minimum 3.0 GPA and to receive a grade of "C" or higher in architectural design studios. Students who do not meet these criteria are ineligible for acceptance to the M.Arch. degree program and the College of Graduate Studies. (Provisional admittance to the M.Arch. program can be granted, with
permission, for students with GPAs of 2.8 cumulatively, or 3.0 over the last 60 credit hours. See below for M.Arch. degree requirements.

Note: Program permission is required for admittance into architecture design studios (ARCH 253, ARCH 254, ARCH 353, ARCH 354, and ARCH 454) and students must achieve a minimum grade of C in the previous studio course to enroll in the next sequential studio course.

Note: Students who have not been accepted into the third year curriculum may not enroll in architectural design courses. Students who have left the program may only re-enter the curriculum by application to the college admissions committee.

Required course work includes the university requirements (see regulation J-3) and:

</table>
Total Hours 86-87

Courses to total a minimum of 124 credits for this degree (including at least 9 credits of electives consisting of 3 credits of 200-level or above courses taken outside the disciplines of architecture; landscape architecture; art and design; interior design; and virtual technology and design; and 3 credits of 200-level or above courses taken within the disciplines; and at least 3 credits of 200-level or above courses taken in any discipline. Credits earned in completion of an academic minor may be substituted).

Rationale: The lowering of credits from 124 to 120 for a B.S.Arch degree is consistent with university policy for 120 credits to graduate. The change will not affect our accreditation because the Math class we dropped is not foundational or a pre-requisite for upper level architecture classes. The Math 143 class added is a pre-requisite to PHYS 111 and with dropping the higher math requirements needs to be added back in to the curriculum.

3. Make the following changes to the M.Arch. in Architecture:

Architecture (M.Arch.)

Candidates must fulfill the requirements of the College of Graduate Studies and the Architecture program. Twenty-four 36 of the 45 credits required for this degree must be at the 500 level, including the following courses: ARCH 510 (2 credits), ARCH 553 (6 credits), ARCH 554 (6 credits), and ARCH 556 (6 credits). The remaining courses required to complete credits for this degree may be 400- or 500-level architecture courses or 300- or 400-level courses in supporting areas.

Required courses include:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>
Equivalent must be approved by the graduate program coordinator. Graduate students without an undergraduate architecture degree may also earn an accredited M.Arch. degree. Those students are placed in the program according to their academic qualifications, and depending on the background of the applicant, up to six years of study may be required to complete the degree requirements. Candidates must fulfill the requirements of the College of Graduate Studies and the Architecture program. Master of Architecture degree requirements are listed above.

**Rationale:** The need to increase 500-level credits from 24 to 36 is predicated on the need to have grad students take more seminar classes in architecture and related disciplines. Previously, they were taking more 300- to 400-level courses which were less challenging.

**ART**

1. Make the following changes to the B.F.A. in Studio Art and Design:

**Studio Art and Design (B.F.A.)**

Required course work includes the university requirements (see regulation J-3), the art core, and a studio emphasis (all the 200-level and 300-level courses in a specific studio area) in one of the following areas: graphic design, interaction design, painting, sculpture, printmaking, or photography/digital imaging and:

<table>
<thead>

<tr>
<td>ART 490</td>
<td>BFA Art/Design Studio (12 credits required)</td>
<td>12</td>
</tr>
<tr>
<td>ART 495</td>
<td>Critical Art Writing Seminar</td>
<td>3</td>
</tr>
</tbody>
</table>
Select 6 credits of Art History Electives with advisor approval:

- ART 205 Visual Culture
- ART 213 History and Theory of Modern Design
- ART 217 Ancient & Pre-Modern Art
- ART 302 Modern Art and Theory
- ART 303 Contemporary Art and Theory
- ART 313 History and Theory of Modern Design
- ART 323 History of Typography
- ART 382 History of Photography
- ART 409 Visual Studies
- HIST 454 Pictures and Power

Select 15 credits from the following 200-level Studio courses:

- ART 211 Life Drawing
- ART 216 Digital Tools
- ART 221 Introduction to Graphic Design
- ART 222 Introduction to Typography
- ART 231 Painting I
- ART 241 Sculpture I
- ART 251 Printmaking I
- ART 261 Ceramics I
- ART 271 Interaction Design I
- ART 272 Experiential Design I
- ART 280 Understanding Photography

Select 15 credits from 300-400 level Studio courses:

- ART 321 Graphic Design: Concepts
- ART 322 Graphic Design: Studio
- ART 330 Intermediate/Advanced Painting
- ART 340 Intermediate/Advanced Sculpture
- ART 350 Intermediate/Advanced Printmaking
- ART 360 Intermediate/Advanced Ceramics
- ART 370 Intermediate/Advanced Interaction + Experiential Design
- ART 380 Digital Imaging
- ART 390 Mixed Media
- ART 411 Advanced Studio Practice
- ART 491 Information Design

Total Hours 59

Courses to total 120 credits for this degree

1 At least 6 credits must be taken in one studio area, i.e., ART 330; no more than 6 credits in one studio area may be counted toward this requirement.

No more than a combined total of 9 credits of the following courses may be applied toward a B.F.A. degree: ART 404, ART 488, ART 497, ART 498, and ART 499.
Rationale: There are two minor additions:
- Adding History 454 – Pictures and Power that would provide another art history option.
- The addition of ART 411 – Advanced Studio Practices as an option for the BFA students.

Also, we’ve decided to make ART 205 – Visual Culture a required course and ART 303 – Contemporary Art and Theory an Art History elective. Visual Culture will better prepare students for the upper-division theory and history courses. We’ve found students that take 205 are better prepared for later history and theory courses.

INTERIOR ARCHITECTURE AND DESIGN

1. Change the following courses:

   IAD 151 Intro to Interior Architecture and Design
   3 credits
   Introduction to interior design theory and process. Explores transdisciplinary design issues and relationships; emphasis areas include basic design theories, vocabulary, and sustainability of the built environment. Attendance at outside events (such as lectures and symposiums) is required.

   Geographical Availability: Moscow, Boise
   Rationale: Changes reflect recent program and degree name change from Interior Design to Interior Architecture and Design.

   IAD 152 Interior Architecture and Design I
   3 credits
   Study of the relationship of design theories to the interior environment; exploration, through a variety of media, of the elements and principles of design, with emphasis on spatial relationships and color theory. Focus of design problems is residential design and small-scale contract design. Attendance at outside events; some class critique sessions outside of scheduled hours at student expense.
   Prereq: IAD 151 or Permission
   Coreq: ARCH 154.

   Geographical Availability: Moscow, Boise
   Rationale: Changes reflect recent program and degree name change from Interior Design to Interior Architecture and Design.

   IAD 231 Design Communication
   2 credits
   Development of design communication tools and practices relevant to interior design, including presentation techniques using various materials/methods for communication of design processes and solutions, as well as development of interior design branding and portfolios.
Prereq: Admission to Second Year / Sophomore Standing.

**Geographical Availability:** Moscow, Boise

**Rationale:** Changes reflect recent program and degree name change from Interior Design to Interior Architecture and Design.

---

**IAD 281 History of Interiors I**  
3 credits  
*Gen Ed: International*  
Survey of historical interiors and furnishings from antiquity to the industrial revolution. Historical survey of major periods in furniture and interior environments from Antiquity to Neoclassicism; exploring the cultural, social, political and aesthetic influences on interior design theories, movements, and traditions at the local and global contexts. The course includes a hands-on project and potential field trip at student expense.

**Geographical Availability:** Moscow, Boise

**Rationale:** New description more accurately reflects the material and content covered and activities included in the course.

---

**IAD 282 History of Interiors II**  
3 credits  
*Gen Ed: International*  
Survey of historical interiors and furnishings form the industrial revolution to the present. Historical survey of major periods in furniture and interior environments from the industrial revolution to the present; exploring the cultural, social, political and aesthetic influences on interior design theories, movements, and traditions at the local and global contexts. The course includes a hands-on project and potential field trip at student expense.  
**Prereq:** IAD 281 or Permission.

**Geographical Availability:** Moscow, Boise

**Rationale:** New description more accurately reflects the material and content covered and activities included in the course.

---

**IAD 344 Digital Design Tools for Interior Architecture and Design**  
2 credits  
Introduction to software programs, with emphasis on Revit, for use in designing environments. Including but not limited to 3-D modeling.  
**Coreq:** IAD 351 or Permission.

**Rationale:** Changes reflect recent program and degree name change from Interior Design to Interior Architecture and Design.
IAD 351 Interior Architecture and Design III
6 credits
Sequence of advanced residential and small scale contract design projects requiring integration of design theories and process in relationship to critical problem solving. Emphasis on formation of interior spaces to correspond to function and flow patterns. Nine hours of studio a week; field trips required at student expense; some class jury sessions outside of scheduled hours.
Prereq: IAD 152 and IAD 254 or Permission.

Rationale: Changes reflect recent program and degree name change from Interior Design to Interior Architecture and Design.

IAD 352 Interior Architecture and Design IV
6 credits
Sequence of large scale contact and other design projects requiring application of expanded design process including problem identification, analysis, program development, conceptual and design development and solution presentation. Implementation of lighting, codes, systems furniture, and interior specifications in the design process. Nine hours of studio a week; field trips required at student expense; some class jury sessions outside of scheduled hours.
Prereq: IAD 351.

Rationale: Changes reflect recent program and degree name change from Interior Design to Interior Architecture and Design.

IAD 368 Interior Materials & Specifications
3 credits
In-depth study of interior finishes, furnishings, materials, and products; emphasis on performance characteristics, manufacturing, fabrication and installation methods, testing, codes, specifications, and professional liability, and influences on human and environmental well-being. Field trips required at student expense.

Rationale: Course name and description change more accurately reflects focus and content of course and better distinguishes it from a similarly named architecture course (Arch 266 Materials and Methods) that IAD students are also required to take in order to emphasize the focus on the interior environment.

IAD 451 Interior Architecture and Design V
6 credits
Advanced problems in mixed use contract interior design requiring synthesis of related course work into comprehensive design resolution that communicates design impact on sense of place and place making; projects will seek to refine the design decision making process by requiring in-depth programming, client participation, and development beyond schematic phases, e.g., integration of building systems, lighting design, interdisciplinary investigation, and understanding of
cultural/environmental context. Nine hours of studio a week and assigned work; field trips reqd at student expense; some class jury sessions will meet outside of scheduled hours. Recommended Preparation: IAD 443.

**Prereq:** IAD 352.

**Rationale:** Changes reflect recent program and degree name change from Interior Design to Interior Architecture and Design.

---

**IAD 452 Interior Architecture and Design VI**

6 credits

*Gen Ed: Senior Experience*

Capstone studio course featuring advanced applications of design theories and processes focusing on complex design issues, synthesis and implementation of previous course work in appropriate student selected project, from the initial programming through the final complete design documentation and presentation. Nine hrs of studio a wk and assigned work; field trips reqd at student expense; some class jury sessions will meet outside of scheduled hours.

**Prereq:** IAD 410 and IAD 451.

**Rationale:** Changes reflect recent program and degree name change from Interior Design to Interior Architecture and Design.

---

2. Make the following changes to the **B.I.A.D. in Interior Architecture and Design**:

**Interior Architecture & Design (B.I.A.D.)**

Required course work includes the university requirements (see regulation J-3) and:

- **ARCH 385** Global History of Architecture 3
- or **ARCH 386** Global History of Architecture II 3
- **ARCH 151** Introduction to the Built Environment 3
- **ARCH 154** Introduction to Architectural Graphics 3
- **ARCH 243** Media in Architecture 3
- **ARCH 253** Architectural Design I 4
- **ARCH 266** Materials and Methods 3
- **ARCH 463** Environmental Control Systems I 3
- **ARCH 463L** Environmental Control System I Lab 1
- **ARCH 464** Environmental Control Systems II 3
- **ARCH 464L** Environmental Control System II Lab 1
- **ARCH 475** Professional Practice 3
- **ART 100** World Art and Culture 3
- **ART 110** Integrated Art and Design Communication 2
- **ART 112** Drawing as Integrated Design Thinking 2

**Total Hours**: 97

**Courses to total 126 credits for this degree**

**Rationale**: Changes reflect recent program and degree name change from Interior Design to Interior Architecture and Design. Correction made to total credits listed for degree.

**VIRTUAL TECHNOLOGY AND DESIGN**

1. Change the following courses:

   **VTD 152 Virtual World Building II**

   **2 credits**

   Applied tools and techniques. Exploration of the processes and principles of design associated with virtual building. Two 2-hr lectures a week and assigned work. Recommended Preparation: ART 110 and ART 121, VTD 151. (Spring only)

   **Prereq**: VTD 151

   **Rationale**: This course is sequential and builds off content generated in VTD 151: Virtual World Building I. This prerequisite change will allow for the proper sequencing of material for the course instruction and education outcomes.
VTD 153 Virtual World Building 3  
2 credits  
Intermediate level virtual world building with an emphasis on intermediate-level tools and techniques for creating more complex environments, modeling, lighting, materials, characters, interaction, and behaviors. Two 2-hr lectures a week and assigned work. Recommended Preparation: ART 110 and ART 121. 
Prereq: VTD 152  
Rationale: This course is sequential and builds off content generated in VTD 152: Virtual World Building 2. This prerequisite change will allow for the proper sequencing of material for the course instruction and education outcomes.

VTD 154 Virtual World Building 4  
2 credits  
Synthesis of processes, principles, tools and techniques associated with virtual world building. Two 2-hr lectures a week and assigned work. Recommended Preparation: ART 110 and 121. 
Prereq: VTD 153  
Rationale: This course is sequential and builds off content generated in VTD 153: Virtual World Building 3. This prerequisite change will allow for the proper sequencing of material for the course instruction and education outcomes.

VTD 245 Advanced Modeling  
3 credits  
Exploration of methods used for modeling and sculpting organic surfaces focused on the creation of character and avatar for high and low polygon 3D digital models. Three 1 hr lecture/lab a wk and associated work. (Fall only) 
Prereq: VTD 244 or Permission. VTD 154  
Rationale: This course is sequential and builds off content generated in VTD 154: Virtual World Building 4. This prerequisite change will allow for the proper sequencing of material for the course instruction and education outcomes.

VTD 246 Advanced Lighting and Materials  
3 credits  
Exploration of methods for illuminating and texturing virtual objects and environments. Foreground, middleground and background rendering issues are examined through topics that include radiosity, ray-tracing, procedural materials and render engine options. Three 1hr lecture/lab a wk and associated work. (Fall only) 
Prereq: VTD 244 or Permission. VTD 154
**Rationale:** This course is sequential and builds off content generated in VTD 154: Virtual World Building 4. This prerequisite change will allow for the proper sequencing of material for the course instruction and education outcomes.

---

**VTD 253 Virtual Design I**  
**3 credits**  
Investigation of the art and science of virtual design, integrating creative problem solving skills with computer technologies. Sequence of exercises explores the problem domains of virtual objects and environments. Two 3-hr studios a week and assigned work. (Fall only)  
**Prereq:** ART 121 and VTD 152; or Permission. VTD 154

**Rationale:** This course is sequential and builds off content generated in VTD 154: Virtual World Building 4. This prerequisite change will allow for the proper sequencing of material for the course instruction and education outcomes.

---

**VTD 266 Animation**  
**3 credits**  
Introduction to 3D computer-generated animation addressing interface, character rigging, and linear animation. Two 1-1/2hr lecture/lab a wk and associated work. (Spring only)  
**Prereq:** VTD 244 or Permission. VTD 154

**Rationale:** This course is sequential and builds off content generated in VTD 154: Virtual World Building 4. This prerequisite change will allow for the proper sequencing of material for the course instruction and education outcomes.

---

**VTD 271 Cross-Reality Technology 1**  
**3 credits**  
Introduction to the fundamentals of Cross-Reality (XR) technologies, explore the development and delivery of interactive immersive digital worlds that transform/combine physical reality into virtual experiences. Two 1-1/2hr lecture/lab a wk and associated work. (Fall only)  
**Prereq:** VTD 154 and VTD 244; or Permission.

**Rationale:** This course is sequential and builds off content generated in VTD 154: Virtual World Building 4. This prerequisite change will allow for the proper sequencing of material for the course instruction and education outcomes.
