

## UNIVERSITY CURRICULUM COMMITTEE

2017-18 Meeting #7, October 30, 2017

**Present:** Catherine Yenne, Taylor Raney, Esmael Alyami, Jerrold Long, Hannah Spear, Dinara Storfer, Tara Hudiburg, Robert Heinse, Rick Stoddart, Lori Baker-Eveleth, Cher Hendricks, Jaap Vos, Heather Chermak, Joe Law

**Absent:** Liz Brandt

**Others present:** Grace Miller, Dwaine Hubbard, Rebecca Frost, Capt. Bradley Dunlap, Rusty Baker

Chairperson Law opened the meeting at 3:30. It was moved and seconded to approve the minutes from UCC6. The minutes were approved with three abstentions.

### **UCC-18-004-Tabled College of Letters, Arts and Social Sciences**

Captain Dunlap introduced the returning NS 412 change. He explained that “amphibious” refers to operations from ship to shore, but “maneuver warfare” is more inclusive. Chairperson Law noted that updates have been made to the description since the committee last considered it. The change was approved unanimously.

### **UCC-18-012 College of Education, Health and Human Services**

Taylor Raney introduced the changes and passed around a summary of the description changes. It was noted that “J448/J558” should read “J448/J548.” The Curriculum and Instruction items passed unanimously.

Raney also introduced the Movement Sciences changes. Jerrold Long asked what the benefit was in breaking PEP 418 into 418 and 418L. Chairperson Law responded that it helps to divide student evaluations between professors teaching the course and lab components and slightly reduces faculty load. It was noted that this division allows students to receive credit for just the lab if they already have credit for the course, instead of having to take the entire course all over again. PEP 418, 418L, and the Exercise Science and Health Major changes were approved unanimously.

Torrey noted that the Dan J116/J216/J416/J516 listing was missing a title. It was noted that Rec 231 is intended to replace 225 as an elective and not as a requirement.

Rusty Baker introduced the Athletic Training changes. Chairperson Law asked whether the “Culminating Clinical Project” was defined anywhere in the materials and suggested that the department add clarifying language where students can find it easily.

Rick Stoddart noted that dissertations and theses go to the library and asked whether something similar would happen for the CCPs. Baker noted that 80% are published in journals and the rest are confirmed for credit, but unpreserved.

Lori Baker-Eveleth noted that Dan 105’s description references “beginning” with regard to some dance styles, but not others.

The committee elected to spell out all abbreviations. Taylor Raney also asked that “a week” be changed to “per week.” The committee also elected to strike meeting pattern language.

The department held PEP 518 and the committee tabled DAN 105 and AT 625. The other course changes were approved automatically.

The committee next considered two course drops and changed to the Masters in Athletic Training. Baker noted that AT 515 and 538 were electives, but ultimately not helpful to students and/or necessary for

program accreditation. He noted that Research Methods 1 is available to students who need help at the front end. Robert Heitse noted that the M.S.A.T. requirements referenced the M.S./Ph.D. in Neuroscience; Heather Chermak found the program listed in the Academic Offerings table. The changes were approved unanimously.

Hearing no additional questions, Chairperson Law adjourned the meeting. UCC will reconvene on Monday, November 6, 2017.
